GERMANS UNABLE TO LAUNCH DRIVE

Allies Prevent Them From Perfecting Preparations.

WIN POINTS OF VANTAGE

French the Most Active of the Allied Forces, Strengthening Their Posltions and Engaging In Raiding Operations-Austrians Concentrating Forces Along the Italian Front. Exchanges on American Sector.

London, May 22 .- The enemy's preparations for an offensive are being disturbed by the allies, who continue to deliver successful thrusts. With the knowledge that the passing of each day brings new American legions to help crush the next German offensive, the allies are finding satisfaction in the fact that the Germans have as yet been unable to launch a new blow in the struggle which Berlin had expected to be the decisive one of the war.

For the most part, the Germans have shown but little of their habitual fighting spirit along the line in France. They have been thrust back in four sectors and the allies have succeeded in winning ground which will be of great mportance in the fu-

The attacks by the French near Locre, on the northern side of the Lys salient, and of the Australians before Amiens, which have already been reported, now appear to have been more successful than was at first understood. Near Locre the French have not only taken strongly fortified points, but they have made secure their lines on each side of Hill 44, which they recaptured from the Germans recently. The Australians, too, have won ground which is of tactical importance along the Amiens sector. They have gained higher ground, which lends itself well to defensive tactics and will be valuable when the time comes for stern battle there.

The French still seem to be the most active of the forces of the entente nations. They have again engaged in raiding operations near Lassigny, on the flank of the German line as it stands since the advance toward Amiens.

On the American from there has been the usual lively exchange of artillery fire, but no infartry fighthas occurred. The same is true of the situation in the Italian theater of the war.

Further evidence that another great Austrian drive against Italy is impending came in an official dispatch from Switzerland, saying information from Vienna showed Austria had planned to suppress all military operations in the east on May 20 to concentrate forces for the Ital-

DICTATOR OF FINLAND

Former President of the Finnish Diet Named.

Stockholm, May 22 .- Judge Swinhufvud has been nominated temporary dictator by the Finnish diet. He was formerly president of the Finnish diet, being re-elected to that of fice on four occasions. In 1910 he defied the Russian government and two imperal measures. He was removed from the presidency on Feb. 3, 1913, and later was deported to Siberia by the Russian government. His deportation aroused the Finns, who in 1915 demanded his return. He was liberated from imprisonment in 1917 and returned to Finland.

During the invasion of Finland by the Germans Judge Svinhufvud was active in Helsingfors and during the fighting in that city made his escape and was later reported in Berlin. A constitutional monarchy is the only form of government for Finland in the opinion of the temporary dictator. He says he is convinced that the only way for Finland to secure independence and freedom and government above party passions is to choose a constitutional monarch.

MANY WOMEN ARRESTED IN RIOT

Troops Called Upon at Prague, Bohemia, to End Demonstrations.

London.-A state of siege has been declared at Smichow, a suburb of Prague, Bohemia, and the troops there have been sent away, an Exchange Telegraph dispatch from Amsterdam reports. One hundred and fifty women are said to have been arrested on account of demonstrations. The Burgomaster has resigned. The ferment is extending through Bohemia, according to the dispatch. Trouble started when several hundred women assembled outside the residence of the Burgomaster of Smichow and began smashing windows. Nineteen of the demonstrators were arrested and taken to Prague, whereupon 150 women marched to the city and demanded the release of the prisoners.
